ECONOMIC FACTSHEET

INDONESIA

GENERAL INFORMATION

Indonesia embraces an extensive archipelago with thousands of islands between the Indian Ocean and the Pacific Ocean. With almost a quarter billion inhabitants (mostly of Muslim culture), Indonesia represents the largest economy in South East Asia.

Facts on Indonesia

- **Population 2016**: 261.9 million
- **The world biggest archipelago**: 17,508 Islands (> 6000 inhabited)
- **Key Cities (2015)**: Jakarta: 9.6 million, Surabaya: 2.8 million, Bandung: 2.4 million
- **Languages**: Bahasa Indonesia, English
- **GDP per capita 2016**: US$ 3,603

ECONOMIC INFORMATION

Despite the financial and economic crisis from 2010 to 2012, Indonesia showed a GDP growth of around 6%. A decline that reached the lowest point in 2015 was due to the stronger US economy, the slow-down of the Chinese economy and lower commodity prices. Since 2016, the country has re-experienced steady GDP growth.

Furthermore, as Indonesia represents the largest economy within ASEAN, the country is a perfect entry point to tap into the regional ASEAN Economic Community (AEC) founded in 2015.

Looking at Indonesia’s economic policy agenda, the government launched 14 economic reform packages from September 2015 to November 2016. The packages cover a broad range of policies expected to further boost the economy and attract substantial FDI.

SWOT ANALYSIS

Market Strengths
- Largest economy in SEA – huge domestic market
- Abundant natural resources
- Relatively low labor cost (especially outside Jakarta)
- Political stability and conservative fiscal policies
- Attractive ROIs

Market Weaknesses
- Bureaucracy, corruption, red-tape
- Infrastructure bottlenecks
- Missing legal security and IPR
- Rigid labor law and restrictive for foreign workers
- Weak education and vocational training

Market Opportunities
- Young and growing middle class
- Part of the AEC = ASEAN Economic Community
- Booming industry sectors like health care, ICT, infrastructure, renewable energy, FMCG
- Need for vertical integration and value adding
- Steady growth of GDP >5% p.a.

Market Threats
- Protectionist measures and non-tariff barriers
- More sourcing from regional trade (ASEAN)
- Projects are often delayed for years
- Slow harmonization of national standards in AEC
- High logistic costs

DID YOU KNOW THAT

...Indonesia is inhabited by more than 300 different ethnic groups which speak around 742 languages and dialects.

...despite being one of the G20 group of leading economies, roughly half of Indonesia’s population lives on less than US$ 2 a day.

...Indonesia is one of the most “connected” nations. In 2015 the country registered 1,324 mobile subscriptions among 1,000 inhabitants.

...Indonesia is home to 12.7% of the world’s Muslim population. That also makes Indonesia the world’s largest Muslim country, with over 87% of the country’s population identifying themselves as Muslim.

...Indonesia is the largest supplier of liquid natural gas (20% of global production), the world’s largest producer of palm oil, is a major producer of cloves and nutmeg (ranked first in the world in terms of production) and the largest exporter of plywood, which makes up 80% of the supply to the world.

...The biggest gold mine in the world is located in Papua. Every year the mine produces around 60 tons of gold and silver, as well as approximately 112 tons of cuprum.
