

News Release <English version>

Unify Platform AG

March 2020

Disruptive Innovation Venture (DIV) collaboration with Japan and Switzerland manage International R&D platform whom all researchers over the world can participate fairly.

Development and management for UNIFY™ Platform**Notice about the establishment of Unify Platform AG**

Chemiteras Inc.(HQ: Yokohama city, Kanagawa pre., Japan CEO: Mr. Tokinori Terada) that researches and develops the brain action drugs, next generation anti gout drugs and compound semiconductor technology and WinMedics Co. Ltd. (HQ: Chiyoda-ku, Tokyo, Japan CEO: Mr. Shigeru Shiraki) that researches and develops anti cancer formulation with Swedish medical institutes have established Unify Platform AG in Zug, Switzerland on Dec. 2019.

Zug is very famous as the center of Crypto Valley and one of the best areas in the world for start0ups because of the support system including tax structure. We have decided this area as our global business basis by international business location research. UNIFY™ is R&D platform for not only the general researchers in developed countries but also the researchers who is not in good condition of R&D in developing countries. This platform enables to get the financial support timely and equally from the audience over the world for entrepreneur researchers and indicate the rating system to evaluate the researchers also fairly by its own patented AI algorism. This will be helpful for company, medical institute and so on to hire and business matching with outstanding researchers whom they cannot find themselves. The target person are entrepreneur researchers on all academic field associate with SDGs advocated by United Nation.

(UNIFY™ has been applied for patent.)

At present, UNIFY™ is developing by our sophisticated technology team in Japan, Switzerland, German, Korea, Republic of South Africa, UK and Sweden and planned to launch on June 2020.
