

# The right insurance at home and abroad

Thanks to many years of experience plus flexible, sector-specific solutions delivered across a vast international network, AXA is the right partner for Swiss businesses – not just at home, but also when they venture abroad.

## How you benefit

- The right insurance cover for all business units both at home and abroad
- Local laws and specific features of doing business taken into account
- Claims management at all locations by local experts

# Multiple forms of insurance – one point of contact

## Liability insurance

Different countries have different ways of doing things. Solving claims issues at the international level can be something of a minefield. AXA can help here, with in-depth expertise on international insurance cover provided through its partner Switzerland Global Enterprise (S-GE).

**What solutions do you have in place currently for solving claims?**

## Property insurance

What happens to a company if a production plant or service center abroad is destroyed by fire? Our experts are on hand to provide the assistance you need. **Are you up to date on the details of your insurance cover abroad?**

## Accident insurance for companies

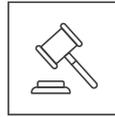

If staff members are unable to work due to accident or illness, this can result in major losses for a business. Companies need to protect their employees and ease the pressures they are under when things get tough. The legal frameworks governing mandatory insurance cover vary considerably from country to country. **Do you have in-depth knowledge of the various country-specific rights and obligations?**

## Credit insurance

Liquidity is the very air a company breathes. If invoices to export customers remain unpaid, it is not only annoying, but can also threaten the continued existence of your business.

**What do you do if invoices are no longer being paid?**

## Legal protection insurance for companies

*Ignorantia legis non excusat* – in other words, ignorance is no defense. AXA can help you avoid getting caught up in the international maze of rules and regulations. **What do you do when you need international legal assistance?**
