

AERIAL CITIES 2023

A EUROPEAN INVITATION-ONLY
EVENT FOR DECISION-MAKERS

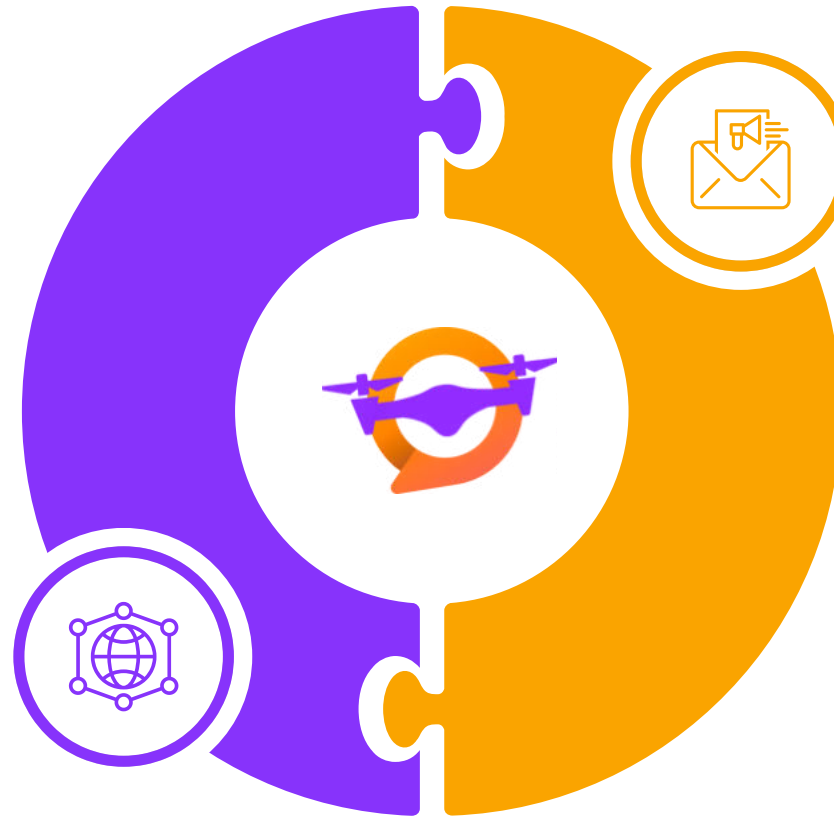

BERN, SWITZERLAND

OCTOBER / NOVEMBER 2023

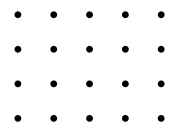

WHAT TO EXPECT?

A place where decision makers can network, partner and influence the aerial future

AAM and drone decision-makers connect with investors, European cities, governments and CAAs

Understand and influence the complex governance layers of aerial cities

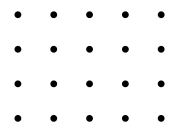

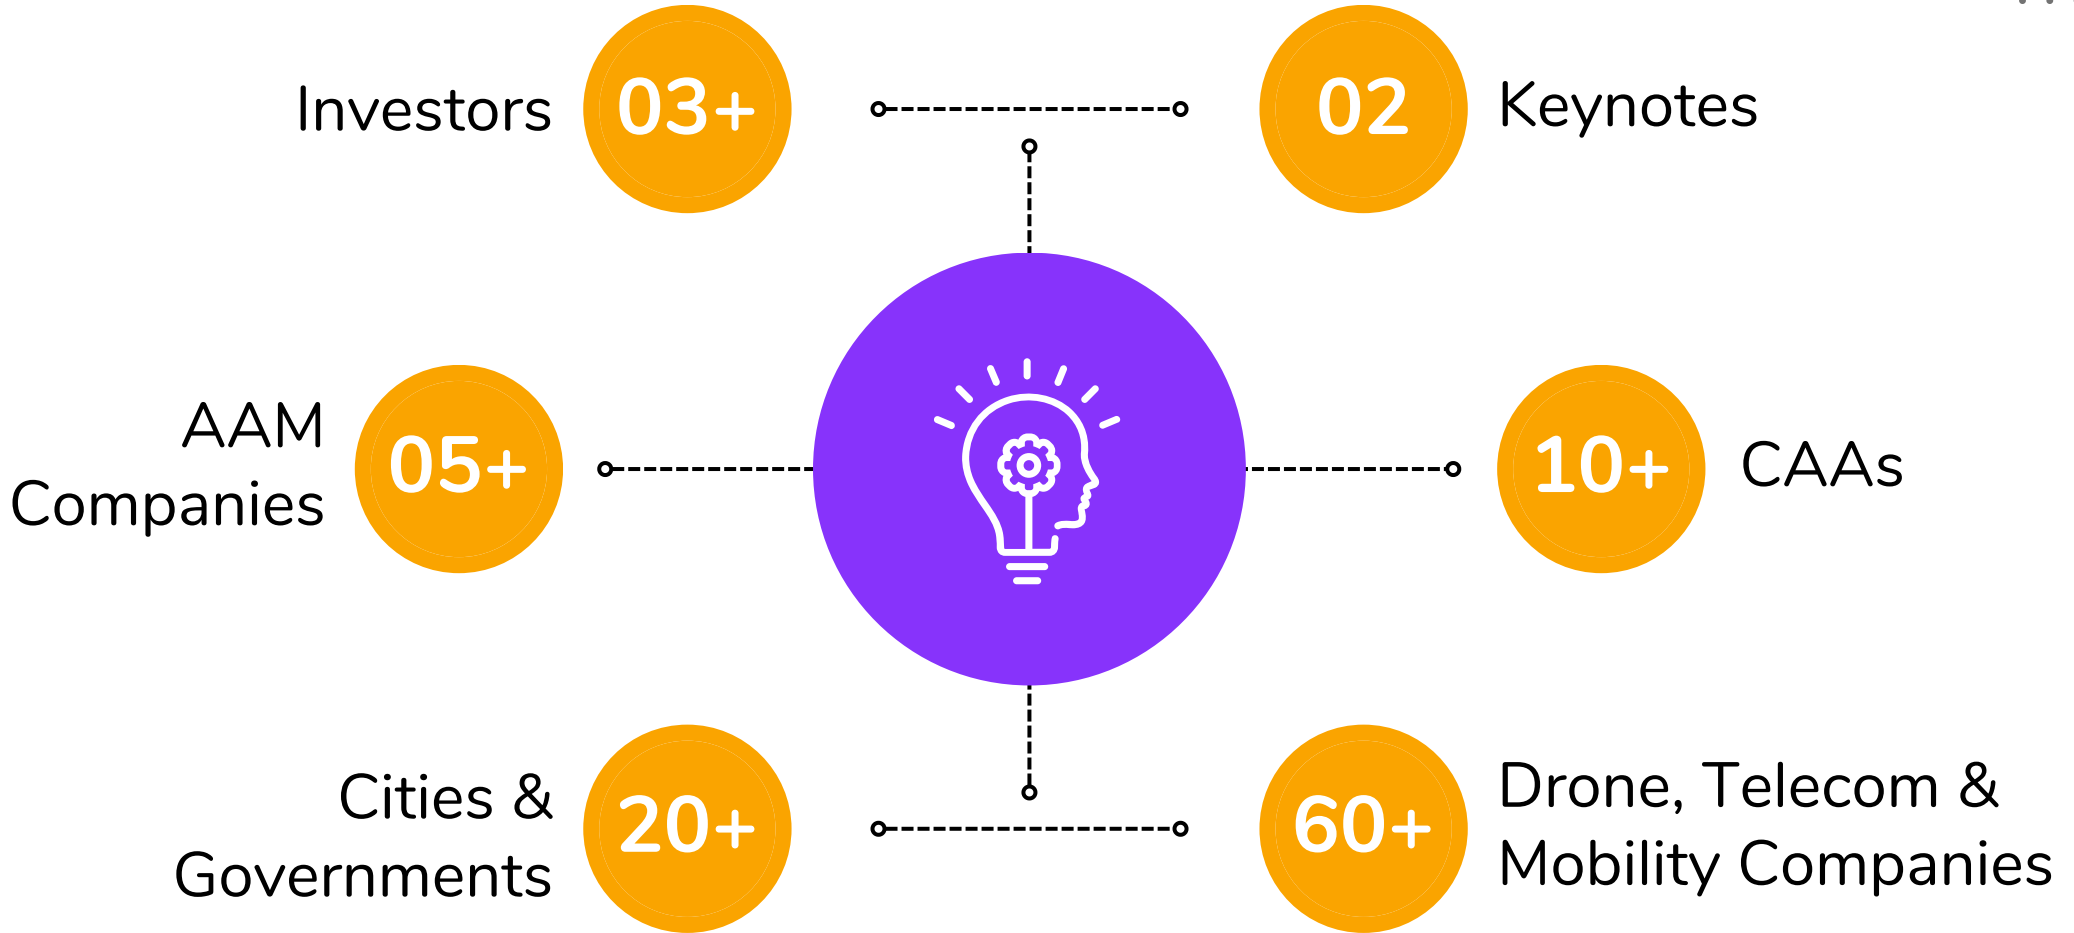

WHY ATTEND?

Innovative Air Mobility (IAM) and the drone industry are scaling up operations and expanding to urban environments. The **governance structures of cities** are far more complex than traditional aviation and are still very fragmented. Aerial Cities is the place where such structures can be **shaped and understood**.

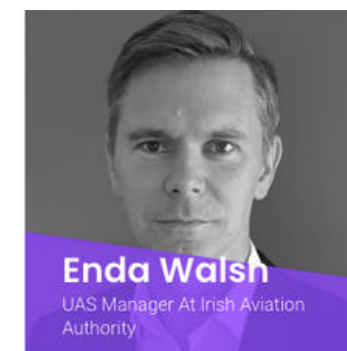

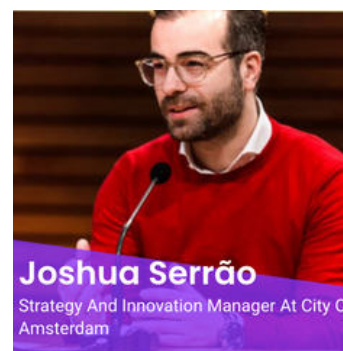

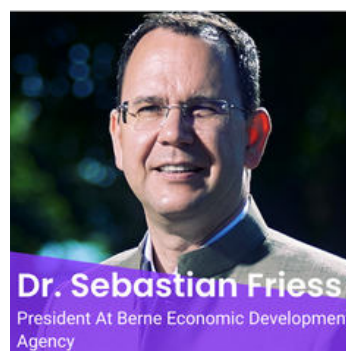

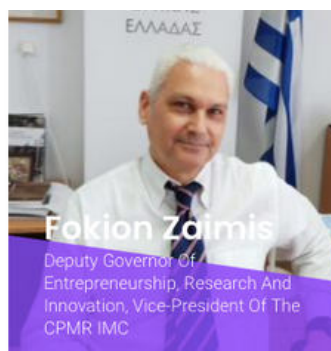

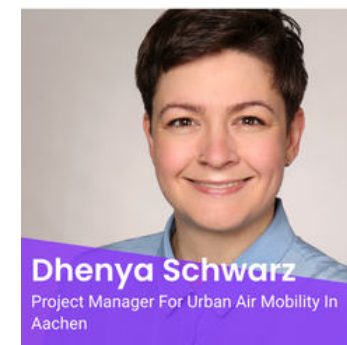

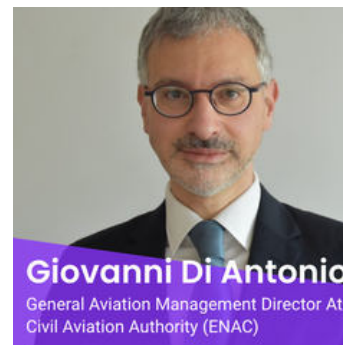

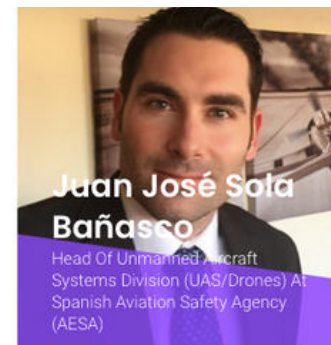

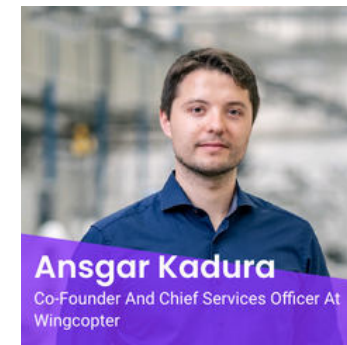

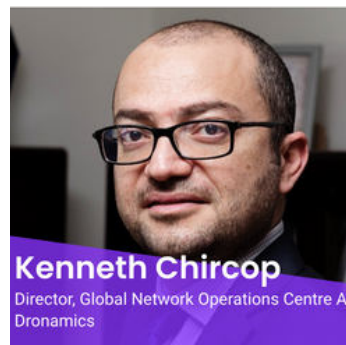

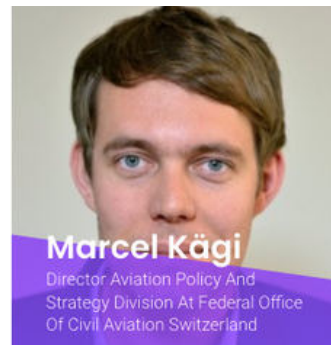

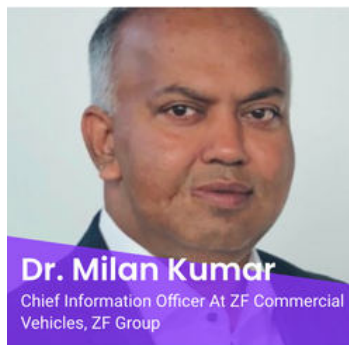

The event aims to promote meaningful conversations between IAM and drone decision-makers, investors, city officials, governments and CAAs.

TESTIMONIALS & RATINGS

Really enjoyed the event, variety of topics, multiple networking opportunities, top level professionals. Good work!

Great event, a fantastic combination of quality networking, good food, and drinks!

It was an honor and a privilege to be able to take part!! The atmosphere, the people, the opportunities to speak directly with "the right" people were really great, and made for making new, interesting contacts.
