

Even More Efficient.

The Revolutionary
Swiss Die-Cutter™ B6

Swiss Die-Cutter™ B6

Maximum Performance and Digitalisation

Performance

The Berhalter Swiss Die-Cutter™ B6 embodies the DNA of the Berhalter high-performance die-cutting machines and makes its strongest statement yet in terms of technology, intelligence and performance. The currently most powerful and innovative high-performance die-cutting machines in exactly the design you need for your production.

Excellence

Whether you want to die-cut flat packaging lids, deep-drawn lids, paper labels or IML labels for medium to higher runs, you can meet all requirements and increase your profit margin with the Swiss Die-Cutter B6. Top-class quality at the lowest possible production costs.

Maximum performance and digitalization.
