

# On demand Outsourcing & Procurement Solutions for Innovative Biotechs.

## YOU FOCUS ON SCIENCE & INNOVATION WE PROCURE & LOOK BEYOND EXISTING SOLUTIONS

### Our Background

Outsourcing, Procurement and Business operations experts

Clinical and Technical Operations

A Wide Network in Pharma & Biotech

### What makes us unique

People first  
We question and educate

On demand

Transparent and Accountable

### Kisco Services

- Procurement and Outsourcing management to let you focus on science and innovation
- Catalyst of vendors solutions to match your needs

### Vendors clustering

### Procurement Process

"I need to review the contracts in place with my top 15 vendors..."

"I realise that my bill of materials contains some single source materials ...can you help me sort that out..."

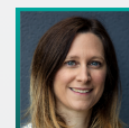

What CDMO could develop my product and support me beyond commercial launch?
